

DESCRIZIONE: **Pasta liquida per tracciature - Colore Rosso**

CODICE: **K 3848 2000**

- EO – Dressingpaste is used to control surfaces of workpieces
- After grinding the residues are removed and the dressingpaste is put on in between the surfaces
- The surfaces are rubbed against each other and removed. The fit and quality of the surface can be taken from irregularities of the colour.
- Consistency and special pigments allow an accurate and easy control of the workpieces
- EO – Dressingpaste is available in:

Blue and red
